One School Partnership. Multiple Pathways to Further Study, University and Employment.

NIET Group brings together 4 Registered Training Organisations and 5 trusted businesses — including UniTrack, Australia's most exclusive university pathway program — into a single partnership for your school. Whatever direction a Year 10, 11 or 12 student wants to take next, one partnership with us opens the qualification, the university credit, and the employment connection to get them there.

Nationally recognised training is delivered by NIET Group RTOs. UniTrack, employment services and study tours are non-accredited services provided by NIET Group businesses or through partnerships.

Our school network includes 100+ public and 20+ private schools across Queensland, supporting school preparation and pathway placement for international students.

One qualification. Two directions. Every student covered.

One School Partnership. Multiple Pathways. Every student, every direction, one relationship.

EMPLOYMENT

Straight from classroom to career

Employer Pathway Program

A referral service to support NIET Group graduates into employment with Australian employers — candidate assessment, employer introductions and placement coordination.

Early Childhood, Aged Care & Trades Placement

A dedicated workforce placement pathway for graduates in early childhood, aged care and skilled construction — connecting EduCare and Charlton Brown care & trades graduates to real vacancies.

Local Government & Council Careers

Our Business qualifications are recognised entry pathways into Local Government Administration roles, building on our existing council relationships, including Brisbane City and the City of Gold Coast.

Global Employment

Guidance for graduates interested in working overseas, drawing on NIET Group's international network.

Employment and placement services are non-accredited services provided by a NIET Group business. They are not part of nationally recognised training, and employment is not a guaranteed outcome of any qualification.

Important information. Nationally recognised training is delivered by Charlton Brown (RTO 2508), EduCare College (RTO 40699), AAI / NIET (RTO 41422) and Rhodes (RTO 40950). NIET Group is not itself an RTO; your school's agreement will name the RTO for each qualification. Where school staff deliver or assess any part of a qualification, this is a third-party arrangement with that RTO. UniTrack, employment services and study tours are non-accredited services provided by NIET Group businesses or through partnerships.

University Pathways

145 documented degree pathways into 11+ universities — guaranteed entry, no ATAR required. All Australian pathways are confirmed, with international pathways across Asia, the UK and the US expanding globally.
